BUSINESS ANALYTICS AND INTELLIGENCE

(2019 Pattern) (Semester-VIII) (414452C) (Elective - VI)

Time : 2½ Hours]

[Max. Marks : 70

Instructions to the candidates :

- 1) *Answer Q.1 or Q.2, Q.3 or Q.4, Q.5 or Q.6, Q.7 or Q.8.*
- 2) *Neat diagrams must be drawn wherever necessary.*
- 3) *Figures to the right indicate full marks.*
- 4) *Assume suitable data if necessary.*

- Q1)** a) Discuss the importance of data visualization and explain the types of data visualization. **[8]**
- b) Explain with example the best practices used in dashboard design. **[5]**
- c) What is KPI? Explain the types of KPIs. **[5]**

OR

- Q2)** a) Explain with neat diagrams various forms of charts and graphs used in visual analytics. **[8]**
- b) Write a note on Dashboard design. Also explain the common characteristics of Dashboard. **[5]**
- c) Discuss the use of Power BI as a Business Intelligence (BI) tool. **[5]**

- Q3)** a) Write a note on Mathematical Programming Optimization with an example. **[7]**
- b) What is descriptive analytics? Explain the importance of descriptive analytics with the help of an example. **[5]**
- c) Discuss the various Components of Decision Support Mathematical Models. **[5]**

OR

P.T.O.

Q4) a) Write a note on Decision Analysis with Decision Tables and Decision Trees. [8]

b) Consider a scenario that you own a bookstore and have 100 books in storage. You sell 60% books for the highest price of Rs. 500 and 40% books for the lower price of Rs. 200. [9]

Evaluate the above mentioned scenario using what if analysis with respect to :

Case 1: What if you sell 70% for the highest price & 30% for lowest price

Case 2: What if you sell 80% for the highest price & 20% for lowest price

Assume suitable data wherever required .

Q5) a) Explain the role of BI in finance with respect to [7]

i) Monitor Financial Performance .

ii) Budgeting and Forecasting

iii) Financial Reporting

b) Enlist the advantages of using Business Intelligence in Banking. [4]

c) With the help of a real time case study explain the applications of Business Intelligence in Fraud Detection. [7]

OR

Q6) a) Enlist & Explain the four types of Business Analytics in practice. [8]

b) Discuss the Applications of BI in Logistics and Production with the help of real time case study. [5]

c) How does visual analytics helps managers to improve revenue for business. [5]

Q7) a) What are rich reports? How are rich reports helping organizations to have a competitive advantage over their coompetitors. [6]

b) Explain BI Search and Text Analytics with the help of diagram. [5]

c) Write a short note on: Cloud Computing and Business Intelligence. [6]

OR

- Q8)** a) Discuss the critical success factors in developing a successful a BI strategy. **[6]**
- b) Discuss the impacts of Analytics in Organizations with respect to Business Intelligence. **[6]**
- c) Write a note on “Predicting the Future with the help of Data Analysis”.**[5]**
